Read the passage and answer the questions:

There are many deserts in the world and they are all dry. The weather there is usually very hot. In some deserts, there are a lot of rocks and in others there is a lot of sand. In the sand deserts, wind forms sand hills. The plants and animals that live in the desert do not need much water. Desert animals can live for a long time without drinking. They sometimes get water from plants. The leaves of desert plants are often very small. This helps the plants to keep water inside.
