A students and his professor saw a pair of old shoes lying in the path. It belonged to a poor man who worked in a field nearby. The student wanted to play a trick on him, but the professor refused. They agreed on putting a coin into each shoe and hide themselves to watch how that would affect the poor man. The man soon came to the place where he had put his shoes. While slipping his foot into one of his shoes, he felt the coin. The man put it into his pocket. When he proceeded to put on the other shoe, he found the other coin. His feelings overcame him and he jumped over with joy thanking God. The man spoke of his sick wife and his hungry children. The student was deeply affected and his eyes filled with tears. "Now, said the professor," isn't it much better than playing your trick? "the student said that his professor had taught him a lesson to remember.
